Dear Parents/Guardians,

Fashion Sustainability Drive 2024

We are excited to announce our upcoming Fashion Sustainability Drive, scheduled to take place from **February to May 2024**. Our Green Ambassadors will be championing the collection of **used clothes and shoes** in our school community. The collected clothes will be repurposed by our students for recycling and upcycling projects, while the shoes will be used for sports infrastructure such as running tracks.

This initiative aims to instil a sense of awareness in our students about fashion circular economy, and that the clothes and shoes need not be discarded and incinerated. Instead, they can be given a second life through reuse or recycling. This year, in collaboration with SG Recycle, we have introduced a textile recycling bin on the school premises. We hope to educate the students on the importance of textile recycling as textile are among the least recycled waste in Singapore.

We encourage students to participate by donating whatever they can comfortably bring to school. The act of donating is more meaningful than the quantity of the donation. Your support in encouraging your child's contribution towards giving back to the community and creating a sustainable future is highly valued.

We look forward to your support. Thank you.

Yours faithfully,

Mr Ivan Ng
Level Head (Science)
